

Royal Van Zanten

# ROYAL COLLECTION Pot & Bedding 2019

Team Royal Van Zanten  
Driven by passion

## Welcome,

Plants enhance the environment. They have a positive effect on health, purify the air, and their roots hold water after heavy rainfall so that our feet don't get wet. They help to make our living environment greener and beautify the world, that's why plants are becoming more popular and trendy every day. More and more people are recognizing this, and we at Royal Van Zanten are proud to make our own contribution by breeding attractive and robust new varieties. These cultivars are not only good looking, they are also rigorously selected for their long life expectancy and, more importantly, whether they can be grown with reduced amounts of plant protection products. Royal Van Zanten is fully committed to sustainability and actively works on "greening" its businesses both in the Netherlands and at production sites. This enables us to supply first-class, MPS-certified starting material which complies with current sustainability requirements.

Our team works passionately on breeding and focusses on the developing of newer varieties. Besides the 'Looks' we pay a lot of attention to shelf life and the transportability of the products. This catalog provides an insight into what we can offer you in 2019. A few examples:

- Four new introductions in the early assortment Multiflora chrysanthemums with two new Tribeca varieties: Tribeca Sunrise and Tribeca Sunset
- Celosia Brainwave™ Purple and Raspberry Pink. Two Cristata types with a nice heavy comb. Suitable for large and small pots
- Aster Showmaker® Baby Pink, a beautiful bright pink addition to our successful Showmaker® series
- A complete new small flower series of pot chrysanthemums: the Talenti's™

We do realize that for your success, more is needed than beautiful bred and first-class cuttings. We take the extra step needed and help you score with our varieties in the market. For this purpose we have developed sales concepts like Bellevardia® pot bouvardia, Deep Purple® Celosia and the sparkling Fireworks® pot chrysanthemum. Are you interested in the products and / or concepts? Then contact your sales representative at Royal Van Zanten. We wish you a successful and colorful 2019!

# Corporate Social Responsibility

Many of our products are grown in Uganda, where we are leading in the field of Human Capital for our employees and many initiatives are developed for sustainability. With the Silver Award for Export Companies last year and a wide range of social services, we are an important pillar for Ugandan society in the regions of the production sites. In addition to a fair income - which in practice serves as inspiration for other employers - we invest in healthcare, transport, sports, microcredit, reducing (plastic) waste and training for our colleagues.

A large, dense bouquet of chrysanthemums in a light green, textured ceramic vase. The flowers are primarily yellow with dark red or maroon variegation on the petals. The vase is placed on a white, cylindrical pedestal. The background is a warm, out-of-focus indoor setting.

# Pot Chrysanthemum

Chrysanthemums (MUMS) are available in a wide range of colours, flower shapes and sizes. There is a perfect MUM for every season, to complement different interior & garden design styles and suit every personal taste.

A close-up photograph of a bouquet of white multiflora chrysanthemums. The flowers are densely packed and have a multi-petaled, daisy-like appearance. They are set against a dark, blurred background. In the lower-left foreground, a lit candle in a white ceramic holder is visible, casting a warm glow. A semi-transparent green rectangular overlay is positioned in the lower-right quadrant, containing the text.

# Multiflora

A spectacle of flowers in autumn when the spring baskets have lost their splendour, available in different colours for single or mixed arrangements.
